LET THIS STAND AS A FORMAL WRITTEN RESPONSE IN OPPOSITION TO THE OMNIBUS OBJECTION
TO
THE CLAIM LISTED BELOW:

CLAIM NUMBER:	ASSERTED CLAIM AMT:	DEBTOR:
10474	605.35	Circuit City Stores, inc. CLERK case number.08-35659

My name is Cheryl Daves. The amt of my claim is \$605.35 . I ask the court not to sustain the omnibus objection. The reason I ask the court to do this is because, on 01/31/09 I purchased a flat screen television from the Circuit city liquidation sale. When I went to the pick up window to recieve the television, I noticed a dent in the box. I asked the store clerk for another one . The clerk informed me that this was the last television, and it was just the box. I was assured the television was in perfect condition. I proceeded to bring the television home, as I took it out the box I noticed the television had a hole busted in it. I immedietly called the store asking to speak with the manager. The manager told me they were just there to liquidate and they could not refund, exchange or help me.I was told to contact the manufacturer. I contacted the manufacturer. I was informed they only cover manufacturers defects. This television was busted by the stores carelessness.The only thing left for me to do was try to file a motion with the bankruptcy court, which I have done and I have also sent pictures of the television that I can't use. I sent the supporting pictures with my initial claim as well as a copy of the recipt. The reason this was filed late is due to the fact that I bought the television 01/31/09 after Circuit city stores filed the bankruptcy petition with the court. I had no choice but to file this claim as soon as I could. I feel that even if a store is going out of business the store should not cheat customers out of their money. I went to Circuit City to buy a new television in mint condition. This is not what I recieved .Unfortunately I recieved a broken, busted, unusuable television .

Thank you for the courts time.
